
Kyun Ho Gaya Na 1 Movie Songs Free Download !FREE!

Here is rich, modern and classy music to cherish. And so I sing this song, because it is very good: (this is just one of the days I really lived). My appearance on stage was completely spontaneous, and for the first time in my life I sang live in public. They explained to me that this is absolutely not the format that I imagined at that time. I didn't know that it was possible the way I sing, and I didn't feel that my condition might not be the same as that of other people. Besides, I didn't know any notes and had no idea what I should do in this or that situation on the stage. But when a few drops on the glass - and you understand what to do, but do not know what to expect. If I had an understanding in advance of everything that I do, then I probably would not have been able to write a song that has become not only my calling card, but simply went down in history. I believe that the most important thing that was invested in me was kindness, the ability to empathize, the desire to help. I look at people and see how unhappy they are. And you know, well, what is it that you can do to me? We are all human, we are all different. It seems to me that when a person does something bad, he does evil not only in relation to me, but also in relation to himself. Thus, when I get into a situation, I feel bitter about how much evil and evil is in my life. And I understand that if I don't correct myself and help myself, then there will be much more suffering in my personal history. I have a few favorite songs that were written and performed by my friends. Most of all I would like you to tell me that you loved listening to them. I would like to read their names right now, but the name is so personal, intimate, intimate. In my songs there is a female theme, there is an intonation. I was born when there were more women than men. And yet, I really love women's singing. It seems to me that if a woman's face turns to me and starts talking, then my heart just drops from it, because I could never figure out how to deal with it. People create an image for themselves, try to build a career and find love. I made a choice in favor of music. But I can't live without communication, without friends, without music.
